

## Key Benefits

### Maintains Health & Body Condition

Keeps cattle active and in good body shape with balanced nutrients.

### Provides Balanced Energy & Minerals

Supplies daily energy, calcium, and phosphorus for normal body functions.

### Supports Immunity & Digestion

Fiber-rich formula improves gut health and helps animals resist infections.

### Prevents Common Nutrient Deficiencies

Fortified with vitamins & minerals to avoid weakness, dull coat, or low stamina.

### Compact & Easy to Store – Reduces Wastage

Compressed cookies are space-saving, easy to transport, and ensure zero spillage.

### Cost-Effective for Large Gaushala Herds

Affordable daily feeding solution that helps manage hundreds of animals.

## About Us

“Sanjeevani Feeds by HAB Biomass Pvt. Ltd. offers innovative compressed cattle feed cookies, scientifically designed for indigenous and gaushala cattle. Certified and trusted across India, we bring 5× nutrition, easy feeding, and lasting health benefits.”

## Why Choose Sanjeevani Feeds?
